PRODUCT SUITABILITY

WHO IS THE PRODUCT SUITABLE FOR? • The ILP sub-fund is only suitable for investors who: ○ are seeking long term positive return potential offered through investment in equities; and ○ are comfortable with the risks of an equity fund which invests primarily in equities, stock warrants, index futures, cash and cash equivalents.	Further Information Refer to paragraphs 3 and 6.2 of the Singapore Prospectus for further information on product suitability.

KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN? • You are investing in an ILP sub-fund operated by Fullerton Lux Funds ("**Company**"). The Company is an umbrella-structured open-ended investment company organised as a société anonyme under the laws of Luxembourg and qualifies as a SICAV. • The ILP sub-fund targets to generate long term positive returns, which includes both capital appreciation and income. • Distributions (if any) may be declared at the Company's absolute discretion out of income, capital gains and/or capital, and this may lower the Fund's NAV. Distributions out of capital may amount to a partial return of your original investment and may reduce future returns. • The Fund Currency is USD.	Refer to paragraphs 1 and 3 of the Singapore Prospectus for further information on features of the product.

Investment Strategy

• The ILP sub-fund invests primarily in, but is not limited to, equities, stock warrants, index futures, cash and cash equivalents. • Investments include equities and equities-related securities listed on exchanges in the Asia Pacific region, as well as equities and equities-related securities of companies which have operations in, exposure to, or derive part of their revenue from the Asia Pacific region, wherever they may be listed.	Refer to paragraph 3 of the Singapore Prospectus for further information on the investment strategy of the product.

[1] The Singapore Prospectus is available from the Singapore Representative or authorised distributors. It is also available at https://www.fullertonfund.com.

[2] For ILP sub-fund that feeds 100% into an underlying CIS fund, some of the information provided below Could be similar to the underlying CIS fund.

[3] The "Manager" and "Depositary" in this table refers to the Management Company and the Depositary Bank respectively, as used in the Product Highlights Sheet and the Singapore Prospectus.

PRODUCT HIGHLIGHTS SHEET

[4] In order for units in the ILP sub-fund to be classified as Excluded Investment Products, the investment objectives and investment focus of the ILP sub-fund, and investment approach of the manager have to be stated in the product summary.
(a) To invest only in deposits or other Excluded Investment Products; and
(b) Not to engage in securities lending or repurchase transactions for the ILP sub-fund.
The definition of "Excluded Investment Product" can be found in Annex 1 to the Notice of Recommendations on Products [Notice No. FAA-N16] at https://www.mas.gov.sg/regulation/notices/notice-faa-n16

• Indirect investments in equities may be via P-Notes and other eligible access products. • Investment in China "A" Shares listed on PRC Stock Exchanges may be made through the Stock Connects and/or any other means as may be permitted by the relevant regulations, for up to 35% of the Fund's NAV. • The ILP sub-fund will typically be comprised of a concentrated portfolio of a relatively small number of high conviction holdings, and will be constructed without reference to any particular benchmark. • The ILP sub-fund may use FDIs and cash to actively manage the Fund's market exposure with a view to safeguard the Fund from losses. • The ILP sub-fund may invest in ancillary liquid assets, as described in its investment objective and policy. • The ILP sub-fund, which Shares are Excluded Investment Products, may use FDIs for efficient portfolio management and hedging purposes.	
Parties Involved	
WHO ARE YOU INVESTING WITH? • The Management Company is FundSight S.A.. • The Investment Manager and Singapore Representative is Fullerton Fund Management Company Ltd. • The Depositary Bank is BNP Paribas, Luxembourg Branch.	Refer to paragraph 2 of the Singapore Prospectus for further information on their roles and responsibilities, and what happens if they become insolvent.
KEY RISKS	
WHAT ARE THE KEY RISKS OF THIS INVESTMENT? **The value of the product and its distributions may rise or fall. These risk factors may cause you to lose some or all of your investment (including initial principal investment).** ***You should note that the NAV of the Fund has potential for high volatility due to its investment policies or portfolio management techniques.***	Refer to paragraph 6 of the Singapore Prospectus for further information on risks of the product.
Market and Credit Risks	
• **You are exposed to the risk of investing in emerging and less developed markets.** The legal, judicial and regulatory infrastructure of such markets is still developing and there is much legal uncertainty. • **You are exposed to political, regulatory and economic risks.** Economic and/or political instability could lead to legal, fiscal and regulatory changes. Taxes or exchange controls can be imposed suddenly. Assets could be compulsorily re-acquired without adequate compensation. Inflation and deflation may result in a decline in the value of the Fund's portfolio. Tax law and practice in certain countries is not clearly established. Additional taxation that is not anticipated when investments are made, valued or disposed of may be imposed. • **You are exposed to market custody and settlement risks.** Securities markets in some countries lack the liquidity, efficiency and regulatory controls of more developed markets. Provisions for custody and legal/beneficial interests and settlement procedures may be less developed than more mature markets. Depositary Bank and sub-custodians may default. The Fund may be affected by inability to repatriate income, capital or sale proceeds	

PRODUCT HIGHLIGHTS SHEET

• **You are exposed to exchange rate risks.** The Fund's investments may be denominated in different currencies and affected by exchange rate fluctuations. The Fund and certain Share Classes are not denominated in the Singapore Dollar and investors may be exposed to exchange rate risks. • **You are exposed to currency control risks.** Certain Asian currencies are not freely convertible and are subject to foreign exchange control policies and repatriation restrictions. The Fund's investments may also be affected by changes in currency and exchange control policies and regulations.	
Liquidity Risks	
• **The ILP sub-fund is not listed and you can redeem only on Dealing Days via the Singapore Representative or approved distributors.**	
Product-Specific Risks	
• **You are exposed to derivatives risks.** The Fund may use FDIs and these investments carry their own specific risks. Certain investments may be subject to greater volatility, counterparty risks and higher degree of risks. Further, futures transactions may be "leveraged" or "geared". • **You are exposed to P-Notes risks.** Investment indirectly through P-Notes are subject to the volatility risk of the underlying equity and to counterparty and liquidity risks. • **You are exposed to Stock Connects risks.** The Fund may be investing in China "A" Shares via the Stock Connects which may entail additional clearing and settlement, regulatory, operational and counterparty risks. • **You are exposed to Sustainability risks.** While ESG factors are integrated in the investment process, the ESG data used may not be complete, updated or correctly assessed.
